Friday, August 14	Facebook	Food Feature		FRIDAY FOOD FEATURE 🥑 Avocado Mousse 🥑 It is made of avocado, maple, cocoa and vanilla. It's an excellent dip for berries and fruit, addition to layered desserts, works well as a frosting or is delicious on its own! We will be selling it fresh for a couple of days then selling it frozen. It thaws great in the fridge, and can also be eaten frozen (Frozen it tastes like a fudgsicle). It is gluten wise, nut free and sells for \$10 / 8 oz container. Selling only at our Petrolia location. /
